

I have heard by letter that there is a chance that K-LOVE, a commercial-free Christian radio station that I support and listen to daily, may be replaced by a Low Power FM (LPFM) station. I would like to say why I believe K-LOVE is on the air right now and what it means to those who listen to it.

1. It is an instrument of God. God uses it as a beacon of light, to enlighten and encourage His people in a dark and discouraging world, as well as to invite others to partake of the joy of worshipping God with songs and stories and sharing His word together.

2. To let this radio station be overcome by another radio station that does not represent the Lord Jesus will mean that the full benefits of knowing Him and His salvation will be taken away.

3. This station is provided for the public so that they might experience the joy of the God of the Bible, and the benefits of knowing Him as Lord and Saviour.

Please reconsider the importance of this radio station. It may affect the welfare of many people. Thank you for hearing my comment on this situation.
